@cleverdragon
(Copy + pasted from someone who i'll keep anonymous, but they did help me with critique)

-Appearance:

•...uh, what is "moiniful"?
• I get that Alma's Miraculous may be grizzly-related, but that does not mean Alma's normal appearance is grizzly-related. Therefore, it doesn't make much sense to give her clawlike nails (unless you have a good reason for it)
-Hero Personality
• Please give her some flaws.
• Also, if Alma is shy, then how can she also be brave?
• A little more detail would be great
-Powers:
• You may want to give her 2-3 more powers

-Special Power & Weapons:

• Most hero costumes typically are skintight and cover the hands, meaning that her nails would not particularly be a valid weapon
• Since bear claws are very different from human nails, it would be fairly awkward to have the costume modify her actual nails. You might want to consider giving her knuckledusters as weapons instead.

-Mental Weaknesses:

• Uhh...I don't see any mental weaknesses in your form
-Physical Strengths:

• What do you mean by "hand strength"? Like, she has a good grip or...?
-Emotional Weaknesses:

• You mentioned before in personality that she is kind and helpful. She appears to care a lot about people. So how is she "dead inside" if she's very nice and helpful? These kind of contradict themselves.

-Kwami
•...if Alma's hero name is "Grizzly Tooth," then why is Veela a black bear? Please change either the name or animal.
• Also, kwamis generally are very, very old and aren't typically stuck as children.
• also, most bears of any kind do not have blue eyes

dramamoonrise5

Name:Vanessa Ramirez
Hero Name:Tejon de Miel (Honey Badger in Spanish)
Gender:Female
Age(13-17):15
Sexuality/Orientation:Panromantic Bisexual
Appearance:Vanessa has long, straight dark brown hair that falls to around her mid-back, but she rarely wears it that way, instead wearing it in a ponytail or a braid most of the time. Her hair has a single streak of purple in it, near the back of her head.She has big, bright grey eyes and lightly tanned skin with only a few freckles by her nose. She is about 5'3, and she weighs 119 pounds. She wears bright purple glasses and a pair of lavender headphones. You will rarely see Vanessa without her headphones.
Personality:If there are two things Vanessa loves in this world, it is fashion and Broadway. She is a total theater geek, and she loves anything that has to do with fashion. She is fiercely loyal to her friends, and she loves hanging out with them. If you get Vanessa as a friend, you have a friend who will always have your back. She is an insanely sarcastic person, and a fierce DIYer. Vanessa seems like a ray of sunshine most of the time, but she gets embarrassed easily, and she has a hard time hiding her emotions. She believes in fair play, and she always seeks justice for those who deserve it; she has a strict code of morals. She loves her family deeply, and she takes pride in her Spanish heritage. She is extremely street smart, and she is book smart at some things, like writing. She also loves music and singing. She occasionally surprises others when she shares her deep outlook on a situation. When she feels strong emotion, like anger or excitement, she will start speaking in Spanish. Really fast. She is also a bit of a neat freak. Vanessa loves reading, and she can be a bit of a book nerd.
Hero Appearance: The front of her bodysuit is black, while the black is white. It is the same with her boots: black in the front, white in the back. She wears an eye mask that is half black, half white, and her gloves are one white and one black. The purple streak in her hair turns white.
Hero Personality:Tejon de Miel is a lot tougher than Vanessa, and she can be a bit reckless and aggressive at times. She cares a lot about her fellow heroes, and she would do anything for them, even though she seems a little sarcastic and cold. Vanessa is better at hiding her emotions as Tejon de Miel
Weapons:A bow and arrow made of wood. The arrows have a slightly curved grey tip, and the sheath is made out of brown leather
Powers:Enhanced agility and enhanced perception
Special Powers(i.e: Cataclysm, Lucky Charm, etc):Defence Smell. Her suit emits a smell that that other Miraculous heroes can't smell, but the enemy can. It only lasts for 30 seconds, and she can only use it once
Miraculous Appearance: A round black pin that she wears on her shirt most of the time. When she transforms, it gains five white stripes that work as the counter when she uses her special power
Mental Strengths: She is very street smart and book smart (at some things), and she knows a lot of different languages, including Spanish
Physical Strengths:She is a very fast runner, which gives her a lot of leg strength, and she is a good long-range fighter(like with a bow)
Emotional Strengths: She is fairly optimistic, and she is a peacemaker in arguments; she rarely, if never, gets angry
Mental Weaknesses: Vanessa isn't very good at math in general, and she is a bit forgetful
Physical Weaknesses: Vanessa isn't very strong, though she'd like people to think otherwise. She is also a total klutz, and doesn't have much arm strength.
Emotional Weaknesses(Akuma prey): Vanessa is very insecure, and she constantly worries about if people like her or not. She is also not very good at hiding her emotions; she wears her heart on her sleeve
Other:OwO what's this?

Helllo! I have decided to change Wynter's personality, due to me getting confused with it. So I changed it up a bit hope it's better then the last one.

Personality: Wynter at first to others seems kind and friendly towards everyone no matter who they might be. Although he is protective about his close friends and is scared to loose them, he seems to also have a hard time trusting others, due to worrying that they will betray him later on in life, so he tends to be a little possessive over his friends, but is meaning good. Wynter is quiet playful and jokes around a lot with others, but once put to a task he can become serious about it wanting to get it finished. He's very clever though and seems to always be clear-headed, but once clouded by anger he loses his clear-mindedness. He does though have a quick temper, he can sometimes get lost in this. Though he is pretty good at baking, piano, and surprisingly running.
Hero Personality: Silver wolf has been known to be friendly and kind to others. On the downside he can be quick tempered sometimes, clouding his mind. But Silver Wolf can be protective over others, but can soemtimes be a littttle possessive. Though he can crack a couple of jokes once in awhile, to lighten the mood for ever and he seems to like running
Mental Strengths:
- Clear minded
Physical Strengths:
- Running/quick
- agile
Emotional Strengths:
- Friendly
- Kind
Mental Weaknesses:
- Quick tempered
- Mind gets clouded when upset
Physical Weaknesses:
- Terrible upper strength
- Pretty weak when it comes to lifting things up.
Emotional Weaknesses (Akuma prey):
- Betryal
- Someone leaving him forever.

Kwami Form:
Name:Quaza
Pronous:She, her
Animal:Honey badger
Personality:Quaza is very sweet, but very protective of Vanessa. She can be extremely scary when she is mad, but most of the time, she is sweet. She can be demanding and mildly pushy at times, but she cares a lot about Vanessa and wants the best for her. ~~*Quaza is so Vanessa's mom-friend*~~
Appearance:Standard kwami build with a black front and a white back and brown eyes
Food:Chicken nuggets
Other:OwO what's this?

Name:Cecilia "Cici" Davies
Hero Name:Spothide
Gender:Female
Age (13-17):14
Sexuality/Orientation:Homoromantic Asexual
Appearance:Cici has short, curly, bright red hair that falls to around her chin. She has big, emerald green eyes and fairly pale skin with a lot of freckles around her cheeks and nose. She is around 5'0, and she weighs 107 pounds. She has more of an athletic build.
Personality:Cici is a ball of energy. She is fun and loud. Very loud. She is endearingly optimistic, and a serious daydreamer. She is very athletic, and she enjoys playing sports. She loves her friends deeply; however, she can be a bit self-centered, but her friends always bring her back to Earth. She is a serious chatterbox, and she can be a little bit annoying. She is also a very fast talker, and she is very energetic
Hero Appearance:Spothide wears a light gold bodysuit with black spots on it. Her mask is the same: light gold with black spots. A pair of leopard ears appear on her head, and she wears black gloves and black boots
Hero Personality:Spothide is a lot like Cici. She is a complete chatterbox, and she will gladly talk your ear off. She is extremely impulsive, and a little annoying, but she really cares about the people of Forumsville and her fellow heroes. She is the first to throw herself into a dangerous situation, and she is always making puns
Weapons:A gold and black spear with a slightly blunted metal tip
Powers:Enhanced speed and agility
Special Powers (i.e Cataclysm, Lucky Charm,etc):Quick Dash. Her speed is doubled for a minute, but she can only use it once, and it wears off if she is caught by the villian

Mental Strengths:She is a quick thinker and she is very street and sport smart.
Physical Strengths:She is very strong, especially in her upper body, and she is agile
Emotional Strengths:She is extremely good at hiding her emotions, but not strong emotions, and she is good at keeping positive
Mental Weaknesses:She isn't very book smart, and she isn't very good at keeping secrets
Physical Weaknesses:She isn't very fast, and she isn't very flexible
Emotional Weaknesses:She can't really hide strong emotions, and she can be a bit unrealistically optimistic
Other:OwO what's this?

Kwami Form:
Name:Raco
Pronouns:He,him
Animal:Leopard
Personality:Raco is a small bundle of energy. He is fast paced and energetic, but he can also tone it down and be a serious source of advice for Cici. He is also very reckless and impulsive. He loves pretzel sticks.
Appearance:Standard kwami build, with light gold fur and black spots. He has two leopard ears and a long tail
Food:Pretzels (specifically pretzel sticks)
Other:OwO what's this?

bubbles how does her smelling do,,, anything,,, like,,, does she smell really really bad or something? I mean idrk if we should have restrictions for a special power not being powerful enough but,,, please make it like. powerful

Marine being able to camouflage anywhere is to op for a passive power n doesn't fit black leopards. also leopards are ambush hunters and don't chase prey so the special power needs a change, pls define your hero appearance more like. is it just a skintight black suit. bc if so black leopards' spots are visible, they're just hard to see. your miraculous needs a countdown thingy like spots or smthn

i'd accept everyone else unless a diff mod has something to say

@Marine, once again im not a mod but your miraculous needs to have some way to function as a 5 minute timer. Also here normal power is a little OP, like blending in to any surrounding is more of a chameleon ability. Her hero Appearance's as a hero also needs to reflect her kwami, if its a black leopard than she needs to be an all black leopard even her mask plus the costumes need to have some animal relation besides her eyes just looking cat like.

twilightdragon1936

Name: Sammy Asrar
Hero Name: Boomslang
Gender: genderfluid
Age (13-17): 16
Sexuality/Orientation: Biromantic asexual
Appearance: short cut brown hair with slight fluff, blue eyes with ice blue flecks, large, circle rimmed, seemingly old metal glasses sitting on pale skin with freckles on their nose and cheeks. They're fairly slim, and wear long stocking/leggings with a red and black plaid design, a thick trench coat with a black shirt underneath, and black boots. They're short compared to Viv, at only 5'7"
Personality: calculating, fairly shy, and intelligent. They'll judge and assess you at the drop of a hat, and are usually right. They're not confronting and usually let Viv do all the talking. They're not usually one to confront others, and even if it's something they strongly believe in they just interject quietly. They're neutral and a good mediator, although they don't quite have the ability to diffuse an argument quite yet. They're pretty attached to Viv and follow him around, as sort of a dependency.
Hero Appearance: Boomslang wears a primarily light green bodysuit with a  black-green scale pattern on it. In the light, the suit can glisten and seem anywhere from  cyan to dark green, although is properly the light green as stated before. There's a long tail dragging off of it with the same pattern. On the  mask, which is the same pattern as well, it has what seem to be lenses covering their eyes to substitute for glasses
Hero Personality: Reckless and giddy. Rather than stopping Cottonmouth, theyll happily help and probably add their own ideas. Theyre impulsive and go on a whim, and don't often have a plan, though they do have ideas on what to do if something goes wrong.
Weapon: a sharpened staff that can break into two parts.
Powers: increased agility, night vision, and camouflage[only in wooded areas]
Special Power: Buckle Up-
Miraculous Appearance: an armband that goes around the arm like a snake 5 times with spirals in the center of each wraparound that act as the countdown
Mental Strengths: calculating,can figure out a situation  quick
Physical Strengths: agile with good coordination.
Emotional Strengths: curious but in a way that doesn't bother him if he doesn't know.
Mental Weaknesses: quick to break under pressure
Physical Weaknesses: not enough stamina or fast enough reaction time
Emotional Weaknesses (Akuma prey): can't speak well in the presence of those he doesn't know well, has anxiety
Other: Viv's partner in crime. They and Viv know each other in and out of costume

Name: Disspho
Animal: Boomslang
Pronouns: he/him
Appearance: The suit on a bobblehead kwami body with hazel eyes, no back legs, and two small antennae hanging down on the back of his head
Personality: Apathetic. He doesn't care what Sammy does as long as his holder doesn't end up dying hes okay with it. He'll often add random tidbits of information at random times, and is pretty willing to do what's needed.
Food: Pork
Holder: Sammy Asrar

phoenixgriffin260

Name: Iiro Laine (double i)
Hero Name: Cacomantis
Gender: Trans Male (he/him)
Age (13-17): 13
Sexuality/Orientation: Demiromantic Greysexual

Appearance: Small, only reaching 5'2 on his tiptoes. Iiro is also on the heavier side of the weight scale- this is because he lived in an area where this was benefical (average temperatures in winter rounding out to -30 c). He has thick, ginger-gold hair that reaches his shoulders, with the sides braided to keep it out of his eyes, which are wide and almost suprised looking. His eyes are a deep coffee-brown, which could be alikened to those of a polar bear's. He wears a green fluffy t-shirt, with long white baggy pants. He constantly has knitting needles on hand, of which he uses constantly.

Personality: Usually silent or quiet-spoken, with a hush over his words that make him hard to hear. Iiro tries to ask questions about anything a person says, in an attempt to make it look like he was listening- this makes him usually the end of extended ramblings. He, however, will often zone out of conversations that are, in his mind, 'not needed', which often means he misses important dates (such as homework deadlines). He is overly polite- to a degree where even his friends are appointed the title 'Sir/Miss/Mx'. Iiro strives to give back anything that another gives him and often has panic attacks if he cannot return a gift.

Hero Appearance: Cacomantis wears a thick wooly suit the colour of copper, with a metallic golden sheen woven into the material. The helmet/mask is an off-white cream, darkening near the edges and the center which emulates a beak. A fake tail rests at the end of the suit, likely for balance as the suit also has non-functioning wing-like gadgets (that do not allow flying nor gliding and are purely ornamental/balance related). The gloves have a long trailing wire which connects to these fake wings, allowing manipulation of them. The gloves themselves are scaled in a thin plastic and are a dark grey, similar to the boots that have two hooks on the back and front, also for balance.

Hero Personality: Egotistical and a pure machiavellian, believing that decieving works just as well as anything else to ward off both heros and villians alike. Other than this, he is also one of the more silent vigilanties, although not at all unprepared to rant to either himself or to others. He will often lie his way out of situations using his complex web of remembered lies, but will also resort to literally throwing the other person off the place where he stands, alike to a cuckoo's chick. (If he has the clear underdog status, he will not stand his ground and will run away).

Weapon: N/A, uses voice

Powers: instinctive sense of balance (both on sideways and horizontal surfaces), able to hold onto things while upside down
Special Power (ie.: Cataclysm, Lucky Charm): Audible Smoke- a string of odd sounds tumble from Cacomantis's mouth, with real words from various languages dotted in. It slowly gets louder over time, until the other person cannot bear it, or that Cacomantis escapes.

Miraculous Appearance: A thread knitted into his shirt cuffs, which is copper and metallic when in use. When it is not in use, the thread is white and glittery. Iiro enjoys hanging charms off this thread. The charms are also effected and act as the countdown.

Mental Strengths: Able to rationalize most things.
Physical Strengths: Able to withstand colder temperatures, of which many couldn't.
Emotional Strengths: Forgiving, but not overly so.

Mental Weaknesses: Forgetful, even to things important to the city.
Physical Weaknesses: Unable to withstand warmer temperatues (15 C or above and he would likely overheat)
Emotional Weaknesses (Akuma prey): Must repay all people with something that equates to the gift they have given.

Other: OwO whats this?

Name: Eerati
Pronouns: She/Her
Animal: Banded Bay Cuckoo

Personality: She seems not to have one, as she bases it off those who are near her. This causes confusion within the Kwami Community, as Eerati might swap what she believes in one second to the next. This may also anger others.

Appearance: Large for a kwami, and a dull almost brick-brown in colour. Her face and chest is a golden-white, and her round, glossy eyes are a bright hazel. Her beak and feet are light grey.

Food: Changes depending on who is near, although at rest it is Crickets.

Name: Alexander “Alex” Jayde
Age: 15
Birthday: January 11
Gender: Non-binary
Pronouns: they / them
Sexuality: they like guys but i prefer not to use the term
Appearance: Alexander stands at about 5'4”, with a lean, lacking build. They have short, disastrously clearly brown hair and forest green eyes; their complexion is extremely pale.
Personality: Alexander is charming and sweet; they talk a lot and are fairly excitable. They never turn down the chance to have a conversation, as long as it's a subject they're a comfortable with. They are extremely helpful, but they often think so much about others that they don't bother to care for themself.

Emotional: Alexander is very emotionally stable, and it is difficult to upset them.
Mental: Alexander is extremely intelligent; a lot smarter than most kids in their age group. They have a lot of mental stamina — they can read and write for hours without stop.
Physical: Alexander is fast, despite their height, and isn't very easy to catch. They are agile, too, and can easily evade punches and kicks without much effort.
Weaknesses:
Emotional: Alexander can't stand the sight of blood, and is prone to breaking down even at the smallest of wounds. They are also fairly sensitive about their past, and any unkind commentary about it is likely to upset them.
Mental: Alexander doesn't usually accept opinions that conflict with their own, and are typically prone to arguing with those who don't agree with them.
Physical: Alexander isn't very physically strong, and is better with a weapon than with their fists.

@Ghost: Ghost, a lot of these forms need a deep reviewing, including the one you just accepted. I'm sorry, everyone, but it's true. I'll be posting some critiques tomorrow.

Name:James Adam
Age: 15
Birthday: May 18
Gender: Non-binary
Pronouns: they / them
Sexuality: they like guys but i prefer not to use the term
Appearance: Adam stands at about 5'4", with a lean, lacking build. They have short, disastrously clearly brown hair and forest green eyes; their complexion is extremely pale.
Personality: Alexander is charming and sweet; they talk a lot and are fairly excitable. They never turn down the chance to have a conversation, as long as it's a subject they're a comfortable with. They are extremely helpful, but they often think so much about others that they don't bother to care for themself.
Strengths:
Emotional: Adam is very emotionally stable, and it is difficult to upset them.
Mental: Adam is extremely intelligent; a lot smarter than most kids in their age group. They have a lot of mental stamina — they can read and write for hours without stop.
Physical: Alexander is fast, despite their height, and isn't very easy to catch. They are agile, too, and can easily evade punches and kicks without much effort.
Weaknesses:
Emotional: Adam can't stand the sight of blood, and is prone to breaking down even at the smallest of wounds. They are also fairly sensitive about their past, and any unkind commentary about it is likely to upset them.

Mental:Adam doesn't usually accept opinions that conflict with their own, and are typically prone to arguing with those who don't agree with them.
Physical: Adam isn't very physically strong, and is better with a weapon than with their fists.

Other: OwO what's this? + they speak French and Spanish, and are Lafayette's adoptive si
